Lift Off Corns!

Apply few drops, then lift sore, touchy corns off with fingers.

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instant-ly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, out is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without sore ness or irritation.

Freezone is the sensational dis-covery of a Cincinnati genius. It is wonderful.
